PERSONAL LIFE

What's going well? What's not going well?

Woah dude. Your career is going exceptionally well, as are your personal growth goals (reading, learning, etc.). But those seem quite self-focused pursuits? What about your social, romantic, or family life? It's also putting pressure on your finances as a family. I'm most surprised by your physical health. Think you'r fit but the doctors bill have been racking up! Stressed?

What are my 3 priorities this year?

The business is at a point where I can MAKE IT WORK FOR ME! Jeez louise. It's time to be a bit more focused and value my time and business better.

MY BUSINESS

What's going well? What's not going well?

[Logs into Xero >> Reports >> Cash flow. What the actual fuck is going on? Team is causing you SO MUCH stress. You need to make some hard calls. Wrong butts? Wrong seats? Both!? That needs to be a priority... for everyone's sake. Need more processes and documentation for offshore team (improve ops).

What are my 3 priorities for the next 3 months?

Create 10 'how to' docs in Notion then hire offshore ops person. STOP doing shit that doesn't make money. Take a few days away to review strategy and cut things.
